**Subject:** Discovery Order by Judge Ball-Suffolk Superior Court

Dear Julianne,

Attached please find the motion by defense counsel which was allowed in full today without giving the Commonwealth reasonable time to respond. Unfortunately, I did not place my objection on the record (I must have been too shocked by the judge's actions). I did note that I needed more time to respond having received the motion last night. I also noted that defense counsel did not file an affidavit with this motion upon which she could base her discovery requests. If the lab's counsel would like me to prepare a motion to reconsider, I will do that but I do not see it as being fruitful given our experience with the judge.

Would you please forward this motion to the lab's counsel at your convenience.

I am ordered to provide all "chain of custody" information regarding the drugs in this case (analysis#s [REDACTED]). Would you mind forwarding me any and all documents related to chain of custody of those drugs, including a copy of the drug log book/page.

I assume that I will be requesting that Kate Corbett retest the drugs prior to trial on this matter, but I will hold off until I handle the present discovery issues.

Please advise your counsel that she can reach me at any time on my cell phone which is [REDACTED] or at the number below. Thank you for your assistance in this matter. I'll be in touch.

Sincerely,

Nicole B. Cordeiro
